

BONNET SPRINGS PARK

ENDOWING ITS FUTURE

OUR MISSION IS BEING ACCOMPLISHED

With the construction of Bonnet Springs Park completed, we are now in the position to begin enriching our community through nature, culture, recreation and education.

OUR VISION IS BEING REALIZED

The unique creativity of design of the Park and overwhelming quality of the structures already built therein meet all the criteria of a world renowned Park. Our vision of a unique place capable of providing social and economic benefits for all in a blended urban/natural Park enhancing the quality of life for future generations has been realized. What is left now to accomplish is ensuring its future as a privately funded Park available to the public at no cost. Bonnet Springs Park is a 501(c)(3) nonprofit organization serving Central Florida.

PLANNING FOR THE FUTURE OF BONNET SPRINGS PARK

With the successful opening of the Park we now need to focus on its sustainability. Due to the ongoing generous support of major benefactors we are in the unique position of being able to immediately begin building the Carol Jenkins Barnett Endowment, which will provide a permanent stream of income to support the viability of the Park in perpetuity. Donations to the Carol Jenkins Barnett Endowment remain in trust and untouched while only the earned income from the Carol Jenkins Barnett Endowment is used to fund the Park's operation and maintenance estimated to be upwards of \$8 million dollars per year. The goal is to enable the Park to be enjoyed by all for the generations to come.

FUNDING THE CAROL JENKINS BARNETT ENDOWMENT

Gifts to the Carol Jenkins Barnett Endowment can be outright current gifts or deferred gifts, also referred to as Legacy Gifts. Current gifts are immediately added to the principal of the Carol Jenkins Barnett Endowment being permanently held in trust and only the income therefrom is used to fund the operation of the Park. The Board of Directors of Bonnet Springs Park is presenting a two-to-one match to gifts made to the Endowment in honor of Carol Jenkins Barnett.

CREATING A LASTING LEGACY

Gifts to the Carol Jenkins Barnett Endowment, whether outright current or Legacy Gifts, provide the donor with a powerful philanthropic legacy of helping to insure for future generations that Bonnet Springs Park will continue to enrich our community through nature, culture, recreation and education. Such gifts to the Carol Jenkins Barnett Endowment because they are invested permanently serve as a lasting tribute to the donor and extend the donor's values and visions for future generations.
